- 6. Once you select the method you want the Passcode to be sent to you, you will be taken to the “Enter your 6 Digit Passcode” screen. Enter in the passcode and then Click “Next”. To not have to do this every time, select Yes next to “Remember This Computer”.

Passcode: [Resend passcode](#)

A six digit passcode has been sent to the phone number or email you selected. Once you've retrieved the passcode, enter it above.

NOTES:

- This passcode is valid for 10 minutes.
- Text message passcodes are only valid for mobile phones.
- Email passcodes will be sent from eservices@spaceagefcu.org.

Remember This Computer? Yes No [explain](#)

For your convenience, selecting the Yes option allows us to remember this computer or browser so you don't have to confirm a security passcode the next time you sign in on this computer.

Only select "Remember This Computer" if you are using a private computer, such as from your home or office. If you are using a public computer, then DO NOT select "Remember This Computer." Examples of public computers include libraries, internet cafes, and hotel computers.

If you use multiple browsers on the same computer, you will need to sign in through each browser and select "Remember This Computer."

Please note: If you delete your browser cookies or if you use security software that automatically deletes your cookies, your "Remember This Computer" setting may be cleared.

8. Enter in your Login Information. Your Username can be anything but only one word. Your password should be a mix of letters, numbers and special characters such as !*%\$@& etc. Type the password a second time in the “Confirm Password” box. Memorizing this password is recommended so make it something you can remember but not easy to guess. Maybe your first pet or a nickname, but jumble it up, for example if your first dog was named Sir Barksalot, you could enter it as “B@rk\$@L0+”. If remembering the password is not an option, write it down and keep it somewhere safe. This is access to your financial information, so keep it secure. The “Email” box will automatically pull your email from your Account information. Once completed, Click on the “Next” button.
